

NATL-east Grid Map

Public and Restricted Areas

NATL-east is limited to academic uses as explained at <http://natl.ifas.ufl.edu/rules>.

Using the grid

To use the grid, you must know where you are in the grid. To approximate your location, refer to the map on which the grid is displayed. To determine your location more exactly, find one or more of the grid stakes that mark the intersections of grid lines. Each grid stake is white plastic and has a green band at top with the letter and number of its two grid lines (e.g., E4). For those using GPS devices, the geodetic coordinates of all grid stakes are in the spreadsheet at <http://natl.ifas.ufl.edu/GPSgridpts.xls>.
