Title of Project:

Design and implementation of interpretive materials for the SEEP Boardwalk Trail

Project Summary: During Fall 2009, the Co-PI's developed interpretive materials for the NATL Park, specifically the SEEP Boardwalk Trail, for Susan K. Jacobson's Human Dimensions undergraduate course. We are seeking funds to finish designing two interpretive signs for kiosks in the SEEP area.

Starting Date:
5 February 2010

Completion Date:
16 April 2010

Description of Project:

Describe objectives, procedures, and any potential lasting impacts on NATL. Tell what will be delivered to NAAC by the completion date of the project and how the results of the project will be of value to future users of NATL. All results must be delivered in digital format so they can be posted on the NATL web site at <http://natl.ifas.ufl.edu>.

-OBJECTIVES: To complete the design and building plan for interpretive Kiosks interpretive signage along the SEEP Boardwalk Trail. The aforementioned products have been designed and are currently being revised according to the recommendations of Tom Walker.

-To submit a purchase plan to NAAC for the materials and construction of the kiosk and signage.

Impacts/Value to Users:

-Visitor usage of NATL should be positively influenced by the creation and implementation of attractive self-guided interpretive materials.

-Users will gain interesting and practical knowledge relating to species found in SEEP.

Deliverables:

-(Two) SEEP Boardwalk Trail interpretive signage

Signatures

Only the paper copy needs to be signed.
